

MID-SIZE OCEAN

SEA RUNNER

18 :: 20 :: 22

If the Question is Versatility, The Answer is Sea Runner.

Large enough to manage ocean rollers, yet sized right for easy towing and good fuel economy, the legendary Sea Runner is the closest you'll find anywhere to a do-it-all boat. No other boat gives you the rugged construction and unmatched safety of a Hewescraft, the size of an easy-to-manage lake boat, and the capability of a deep-v hull that can slice through offshore chop like the Sea Runner. Hewescraft has become the Pacific Northwest's top-selling aluminum boat in no small part because of the popularity and reputation of this boat's time-tested design.

HEWESCRAFT.COM

Personalize your boat.

The Sea Runner will take you where you want to go — lake to river to ocean — and it exceeds Coast Guard safety and floatation standards in every length (18',20',22'). And you can fine-tune it to meet your needs. Add the convertible canvas top or the hardtop cabin, or you might even consider the optional extended transom as an upgrade from the standard motor well engine mount.

The Hewescraft Lifetime Warranty.

Hewes Marine Company, Inc. offers a lifetime hull warranty on all welds to the original owner. This limited warranty is transferable to subsequent non-commercial owners for a total of 10 years from the date of sale to the original owner. For details, refer to the Hewescraft Limited Warranty; available from your Hewescraft dealer or from Hewes Marine Company, Inc.

EZ Loader Trailers.

Your Hewescraft rugged aluminum boat deserves a trailer to match. EZ Loader's galvanized trailers deliver an exceptional value and a custom fit with your new Hewescraft.
